EXPERIENCE

GAME JAMS

I have learned a lot about working on
creative projects (especially in teams and
under pressure) in Game Jams.

Jams I participated in: IGJam at Gamescom
2016, Monthly Berlin Mini Jam, gm(48)
Reddit Game Maker Jam, Ludum Dare

"IN A CAVE"

"in a cave" is a randomly generated first
person dungeon crawler and half year long
project I worked on in 2015.

A MAZE VOLUNTEERING

Volunteering for the 2016 A MAZE
Independent Games Festival

The volunteer work included technical
support and helping exhibitors and visitors
with problems.
